

The Bear Lake County Road & Bridge Department continues to make sandbags and filling sand available to the public in an attempt to mitigate flooding problems – exacerbated by precipitation and warm temperatures – in Spring 2023.

These materials are provided at no charge to Bear Lake County residents. Sandbags are available for pickup in the following locations, with self-service filling sand available as well:

- The Bear Lake County Road Shop
- The Montpelier City Shop
- The Paris City Shop
- Georgetown City – Contact Maintenance Supervisor Shane Clark
- St. Charles – Contact Dave Longfellow
- Bloomington City Recreational Hall
- Bailey Creek
- Bear Lake West POA

For residents of East Shore Road, a load of filling sand is available at The Sands. Bags are available at The Sands 2.

Please bring your own shovel in order to fill the bags yourself.
